

SUNRISE SEMINARS: Fall 2017

REVISED: 14/08/2017

Who: all SHOs, Registrars, nurse practitioners. Not for medical students

Venue: tutorial room 3 MEC

When: **0810-0900h sharp Wednesday** (check schedule) . **Resuscitation drill Thursday mid-day**

Some sessions will be led by one of the consultants

What you should do:

- review a *concise*, practical approach to these problems
- know the evidence for the treatment/investigation - must be current - new knowledge
- please email around relevant paper/material before the tutorial
- If you are not a discussant - bring questions to ask!
- you may change your dates but let me know in advance
- **use clip board or white board-no power point-we want interactive sessions-not lectures**
